

A Guide to Shared Ownership

What is Shared Ownership?

Shared Ownership enables you to buy a share of a home with a mortgage, and pay rent on the remaining share. There will be a lease for the portion of the home you don't own, with Sage Homes.

Shared Ownership means:

- You can buy shares between **10% and 75%***
- A **smaller-than-average deposit** is needed and is based on the share of the home you're buying
- Your **monthly mortgage payments will be based on the share of the home** you own
- Your monthly rent payments are paid to **Sage Homes**
- You can buy more shares, or take your ownership to **100%** at a later date, also known as staircasing
